

NEW FUEL ORDER FELT IN MAYSVILLE BEGINNING TODAY

Industries and stores hit in New Fuel Order Found Necessary to Com-
bat Big Coal Shortage.

Monday noon marked the return in Maysville of fuel conservation measures similar to those in force during the war.

According to orders of the Regional Coal Committee, issued in Atlanta, electric signs and advertising displays are eliminated, industries, excepting public utilities and plants engaged in continuous operations, are limited to forty-eight hours operation a week, stores and office buildings are restricted to the hours of 9 a. m. to 4 p. m. and theaters, moving picture houses and other public amusements to the hours between 1 p. m. and 10:30 p. m.

Refusal to comply with these regulations will result in coal supplies or electric current being cut off and where it appears a violation of law is involved, Federal District Attorneys will be asked to act.

There is nothing in the order to indicate heatless days and lightless nights for Kentuckians, conservation deemed necessary being accomplished by the limitations described.

This order, which members of the committee say is imperative because of the coal strike, affects all territory east of the Mississippi and south of the Ohio and Potomac rivers with the exception of Virginia and West Virginia.

Drug stores and similar necessary businesses are excepted.

Plants classed from A to E, covering domestic consumption, ice and cold storage plants, public utilities, state, city and other institutions and asylums are also excepted by the committee's order.

This order will have no direct effect on the local theaters and moving picture shows as they close their shows before 10:30 each evening. The order will, however, most seriously affect stores as it requires them to discontinue the use of light and heat at 4 o'clock in the afternoon. This comes as a serious blow to local merchants just now at the beginning of the Christmas season but it is confidently hoped that the coal situation will have been finally solved by the time Maysville stores are open on nights for the benefit of Christmas shoppers.

Miss Helen Nauman of this city has enrolled as a student at the William & Mary College of Norfolk, Va.

GRAND JURY MEETS AND BEGINS ITS SESSIONS

Jury This Term Is Composed of a Very Representative Company of Mason County Citizens—Petit Jury Meets Tomorrow.

The December term of the Mason Circuit Court was formally opened by Judge C. D. Newell at the Court House this morning remained in session but for a short time because of the serious illness of Judge Newell's daughter.

The Grand Jury was empaneled by Judge Newell and given the usual instructions. The jury is composed of the following citizens: Frank Clarke, foreman, John Wells, James C. Brown, George Fulton, C. S. Jacobs, Reed Richeson, J. W. Lee, F. M. Lunsford, William Dwire, Pat Comer, Fraze Stapleton and James Reddon. The Grand Jury was in session for only a few minutes this morning but met again this afternoon.

The petit jury will report Tuesday morning and on Wednesday morning the civil docket for the term will be set by Judge Newell and the lawyers at the bar. It is thought that the civil docket will be very light for this term.

MR. PATRICK McHUGH DEAD

Mr. Patrick McHugh, aged 76 years, died at the home of Mr. William Kibell in the Washington neighborhood early Sunday morning. He is survived by two sons, W. T. McHugh, of Covington and Frank McHugh, of this city. Funeral will be held Tuesday morning at 9 o'clock from St. Patrick's church and burial will be made in the Washington cemetery.

FACTORY WOMAN LOST MOST OF WAGES

Mrs. Lizzie Fyfe, a very hard working woman who is employed in the Maysville Cotton Mills, on Saturday lost \$15 in money, the greater part of her week's salary at the corner of Wall and Second streets. Any one finding the same and returning it to her through the Ledger will have the deepest thanks.

MANY ATTEND FUNERAL OF POPULAR WOMAN

The funeral of Miss Blanche Reidie was held this afternoon at one o'clock from the home in Aberdeen. Many friends from this side of the river were in attendance to pay their last respects to one of the most popular business circles has known. Burial was made at Charter Oak cemetery.

Mrs. W. I. Nauman has returned after spending the Thanksgiving holidays with her sister in Anderson, Ind.

WINDOW GLASS SPECTACLES NOT DANGEROUS

If you had your choice between giving up everything you have in this world and losing your eyesight, I am sure you would keep your eyes. Trouble is we never blink of these things until we're brought face to face with them. Many people buy spectacles from peddlers that do more harm than window glass spectacles. If you value your eyes, consult only a reliable sight specialist. Come to

MAJOR RUSSELL NAMES DELEGATES TO WATERWAYS MEET

Prominent Citizens Interested in the Improvement of the Ohio River Are Named Delegates to Convention in Cincinnati.

The December term of the Ohio Valley Improvement Association will be held this year in Cincinnati and as the convention is being held so very close to Maysville it is expected that there will be a good sized local delegation in attendance.

For many years the Mayor of Maysville has named a delegation to officially represent the city at such meetings but as the majority of these meetings have been held at a distance from Maysville, very few have been able to attend. Maysville has had one delegate at most every convention held since the organization of the association, however, in Captain U. M. Phister who was one of the organizers of the association and who has been one of its greatest support since its organization.

In honor to this pioneer in Ohio River Improvement, Mayor Russell has again named him to head the Maysville delegation which is composed of the following besides Captain C. M. Phister, chairman: Jon. H. Dodson, J. N. Kehoe, George W. McDaniel, Henry Gable, George A. Dodson, John C. Everett and Joseph Capron.

The convention meets in Cincinnati Wednesday and Thursday of this week the the guest of the Cincinnati Chamber of Commerce. Freight rates, coal supply, legislation and other very important matters are scheduled to come before the association at this meeting.

KING MIDAS STRIKES 15,000 BARREL WELL; MAKES LOCALS RICH

One of the Largest Oil Wells Yet Struck in the Texas Field Is Hit by King Midas Oil Company—Mason County People Own Much Stock.

Mr. E. T. Kirk, President of the State National Bank, received a telegram this morning from the president of the King Midas Oil Company, of Texas, informing him that a one thousand barrel well which the company had struck in their Stephens county field a few days ago, had burst forth into a gusher which on Sunday measured 15,000 barrels daily and which promises to be one of the greatest gushers yet struck in the whole of the Texas oil fields.

This was certainly good news to the several stockholders in this company who live in Maysville and Mason county. About one-twelfth of the entire stock in the King Midas Company is owned by Maysville and Mason county people, all of whom will become independently rich on the strength of this gusher if it maintains anything like the output it has now developed.

Located within three-quarters of a mile of the King Midas well is the integrity holdings and this is another company in which Mason county people hold much stock. This King Midas gusher will no doubt cause a great boom in this stock.

OLD COUNCIL GOES OUT; NEW COMES IN TONIGHT

The meeting of City Council to be held this evening will be a very interesting one as the old City Council will wind up its business for the year and adjourn finally after which the newly elected council will take its seat and elect minor officers for the year. It is expected that there will be many in the audience this evening to witness the several fights that are promised.

OFFICER RYAN ON THE JOB

Officer P. Ryan, who has been ill at his home in Lee street for the past several days, is now again able to resume his duties on the force and is back on his job as day patrolman. During his absence this very important position was filled by Officer Fred Wells.

REHANDLING PLANTS OPEN FOR NEW SEASON

The local tobacco rehandling plants opened this morning to begin preparation for the opening of the market next week. The plants' forces began work this morning getting everything in readiness to handle the big rush of tobacco which is always to be expected at the beginning of the season.

WANTED

About three furnished rooms for light housekeeping during tobacco season by family of four. Call GROWERS WAREHOUSE 30-21 Telephone 460.

PROMINENT LEWIS COUNTIAN ACCIDENTALLY SHOT BY SON

Hon. T. M. Bowman, Shot Through the Abdomen by His Young Son and is Thought to Be in Serious Condition.

Hon. T. M. Bowman, former Sheriff and Circuit Clerk of Lewis county, was very seriously injured at the home of his father, Mr. John Bowman at Bowman Springs, yesterday afternoon.

Mr. T. M. Bowman and his young son were in the front yard at Mr. John Bowman's home. The boy had a small 22 caliber rifle and his father was watching him shoot at a tree. After the boy had discharged the gun, he broke it down and automatically reloaded it. The boy then started toward his father and fell discharging the gun. The bullet entered his father's abdomen and passed almost entirely through his body, penetrating his entrails.

Information from Mr. Bowman this afternoon is to the effect that there is no improvement in his condition and he is thought to be in a serious condition.

CAMPAIGN FOR RED CROSS SEALS OPEN HERE

The local campaign for the sale of Red Cross Christmas Seals for the benefit of the war on tuberculosis, opened here this afternoon when sales stations were opened in the lobbies of banks and in stores. A big display has been made at the Chamber of Commerce building. Miss Annie Casey, County Health Nurse, is leading in the campaign and Mrs. N. S. Calhoun, is treasurer of the fund for Mason county.

TOBACCO IS TOPIC OF DISCUSSION

Nothing seemed to have the attention of the farmers in the city today called here on account of County Court Day except tobacco. Every group of men gathered on the streets or at the stock yards was discussing the tobacco situation and the probable price.

Everyone seems to be of the opinion that the market will open strong.

MAN GOING TO LEXINGTON

The Lexington Tobacco market opens Tuesday morning and as there is always much interest there in the prices obtained on the opening market at Lexington, it is certain that there will be a large delegation of local tobacco men and growers attend the opening sale. The majority of those attending will make the trip in automobiles.

SAXAPHONE TRIO HELPS SUNDAY SCHOOL MUSIC

The Glascock Saxophone Trio assisted in the music at the First Baptist Sunday School on Sunday morning and the music was very pleasing. There is a movement on foot in this Sunday School to organize a Junior Orchestra and Choir. There are several of the members of the Boys' Band members of the Baptist Sunday School.

DAUGHTERS OF CONFEDERACY

The Daughters of the Confederacy will meet Tuesday afternoon at 2 o'clock with Mrs. George T. Hunter in the Central parlors.

BABY ROBERTS

Born to the wife of Mr. Roy A. Roberts of Harriman, Tenn., at the Good Samaritan Hospital, Lexington, Ky., Saturday, November 29, a fine nine pound boy.

BAPTISTS REACH AND PASS THEIR QUOTA IN SOUTHERN DRIVE

With a Quota of \$11,500, Members of the First Baptist Church contribute \$11,020 in First Day of Drive.

In many respects last Sunday was the greatest day in the history of the First Baptist church in this city.

Members of the church had been urged to be present at the morning service when the big Baptist 75 Million Campaign throughout the bounds of the Southern Baptist Convention was to be opened. The members answered this call well and it is doubtful if at any future single service there was ever a better representation of the membership present.

After stating the purposes of the big campaign, Prof. W. J. Caplinger, who was Campaign Director in the local church, called for pledges and in less than an hour \$12,500 had been pledged by the members of the congregation putting the local church one thousand dollars over their suggested quota of \$11,500. The largest single subscription was \$1250 and the smallest was 50 cents, however, despite the fact that the latter was the smallest in money value, those who know the circumstances under this gift was made are of the opinion that it was by far the largest single gift in the entire campaign.

During the afternoon teams were at work throughout the city seeing those members who were not present at the morning service and the total subscription for the day was \$13,820.

Many of the members of the church

MASON-BRACKEN ELECTRIC COMPANY IS ORGANIZED

Company is Organized to Light Germantown and Brooksville With Electricity Furnished by Maysville Plant.

A company to be known as the Mason-Bracken Electric Company has been organized at Germantown. The company will be incorporated with a capital stock of \$25,000 and will have headquarters in Brooksville.

It is the purpose of the company to build a line of electric wires from Maysville through Germantown to Brooksville to carry current from the Maysville Electric plant with which to light the towns of Germantown and Brooksville and all country homes along the route.

Officers of the company were elected and as soon as a charter is granted it is expected to begin the work. The officers of the company are: President, H. L. Corlis; Vice President, Elmer G. Downing; Secretary, R. G. Humlong; Treasurer, H. L. Pepper. Directors: H. J. Cochran, H. L. Corlis, E. E. Corlis, W. B. Wallin, G. W. Strausbaugh, R. G. Humlong, H. L. Pepper, Elmer Downing, E. T. Kirk. Messrs. H. J. Cochran, R. G. Humlong and W. O. Blackerby were named to procure a charter for the new company.

WELL KNOWN FLEMING COUNTY CITIZEN DIES

Trig Sulser, one of the best known citizens of Fleming county, died at his home at Foxort at an early hour this morning of double pneumonia after only a short illness. Mr. Sulser was an expert carpenter and machinist and is survived by his wife and several children.

THREE BAPTIZED IN RIVER

Rev. J. E. Reed Sunday afternoon baptized three candidates in the Ohio river at the foot of Short street. There were many gathered on the river bank to witness the administration of the ordinance.

NAMED GUARDIAN

In the Mason County Court this afternoon R. G. Humlong was named guardian of Clarence R. Guy and Bailey Guy and he qualified as such with Ira A. Guy and George H. Frank as sureties on bond.

EASTERN STAR CARD PARTY

The local order of Eastern Star will give a card party at the hall on Wednesday evening. Refreshments will be served.

SPECIAL TRAIN IS CANCELLED BY R. R. ADMINISTRATION

Local L. & N. Railroad Authorities Notified By Federal Railroad Administration That Special Train Has Been Called Off.

Mr. H. S. Ellis, local agent of the Louisville & Nashville Railroad Company, received instructions from his superiors today that the special train which had been granted to local Republicans for a trip from Maysville to Frankfort on Inaugural day had been cancelled because of the serious coal shortage and because of restrictions that were being placed on all roads to save fuel.

This announcement will cause much disappointment throughout Maysville and Mason county but it is expected that in some manner the Boys' Band and a large delegation of Maysville and Mason County Republicans will get to the capital city even if they must charter a number of automobiles to take the trip.

Quite a number of tickets for this trip have already been sold but they must all be recalled and the tickets returned to the railroad company under the instructions received by Mr. Ellis today.

ADAMS COUNTY MEN ASK AID OF MASON

Mr. L. H. Lawwill, prominent farmer of Adams county, Ohio, was in Maysville today in conference with Acting Secretary George Kirk, of the Maysville Chamber of Commerce in regard to road improvement through Adams county. Mr. Lawwill reports that a change has been made in the state road plans through Adams county and that there is now a chance to get the road through Bentontown from West Union to Aberdeen. The Maysville Chamber of Commerce will lend their support to this plan.

CLIFF NAMED OIL INSPECTOR

In the Mason County Court this afternoon Mr. Stanton C. Cliff was appointed Inspector of Oils of Mason county and he qualified as such with E. T. Kirk as surety on bond.

Mr. Clarence Royle formerly of this city and Miss Helen Vickroy of Cincinnati, Ohio, were quietly united in marriage by Rev. A. F. Stahl November 29.

\$3 saved by having your Military Overcoat dyed black, brown, green or blue for \$4. New set of buttons free. 28-31 NEW WAY DRY CLEANING CO.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

PSYCHOLOGY OF DAYLIGHT SAVING

The "psychology of daylight saving" has been investigated by Prof. George T. Patrick, of the University of Iowa, who makes some interesting observations in the November number of the Scientific Monthly. Dr. Patrick believes that the extreme conservatism of the American people had much to do with the failure of the daylight law. As an example of this he cites our present cumbersome system of weights and measures, pointing out that only the attitude of "we've got along so far, why change?" has prevented the introduction of the simple and convenient metric system.

Many people could not reconcile themselves to standard time when Congress adopted it. For this reason putting the clock forward was a radical step in the routine of many lives and they never could forget the old system. In this connection it will be noted that the cities which have passed their own daylight saving ordinances, after Congress repealed the national law, are among the most progressive in the country, whereas the chief opposition to the law has been manifested in sections where extreme conservatism insist on retaining anything that has worked well enough before.

In continuing his psychological inquiry, Prof. Patrick asserts that with the increased use of the electric light there has come a steady displacement in the relation between the daylight day and the human day, the majority of people rising two, three or even four hours after daylight and remaining up three, five or six hours after daylight. "Every year," he says, "it seems a little harder to go to bed or to get up at the accustomed time. Automobiles are a factor in late hours. College or high school students study at later hours or give themselves more time for social diversions. It is out of date to go to bed early. To meet the requirements of modern life more and more of our industries continue thru the night.

The professor believes that the discontinuance of daylight saving will be only temporary as he maintains that it represents just what the present age stands for—health, economy, conservation, and common sense. He is of the opinion that farmers and milkmen made no good case against the law but that they could easily adjusted themselves to it. He declares that "the need for synchronizing farm and city hours of labor during three or four months of the year is not so great as to ask a whole nation during the entire summer to begin its work an hour later in the morning and live by artificial light an hour later at night." He believes it is very likely that in the end daylight saving, already reintroduced in many localities for public health and pleasure and industrial efficiency, will become a national law. Its defeat apparently was accomplished not by a majority, but by an organized minority.

LET'S HOPE HE'S RIGHT

Hermit Joe of the Big Kinuzza, Pennsylvania, predicts a "darn mild" winter, basing his prediction on the fact that the woods folks, bears, squirrels, etc., are scarcely equipped with fur this fall. Anybody who has pried a fur collar in the stores recently will be rather of the opinion that high prices account for the thin coats of American fauna. They may have decided to wear last year's coat, and so have we.

After President Wilson has permitted bandits to drive American investors out of Mexico and Central American countries, and British or German investors secure control of all the best oil properties, perhaps he will awake to the importance of oil as a fuel in the operation of a merchant marine, a navy, and industry in general. But, as usual, he will awake too late.

KENTUCKY BAPTISTS
PUT CAMPAIGN FIRST

Indications Point To Certain Victory In 75 Million Drive.

SITUATION THERE OUTLINED

Rev. J. R. Black, Publicity Director, Describes Progress In the Blue Grass State To Date.

REV. J. R. BLACK

REV. J. R. BLACK
Kentucky Publicity Director

The organization of Southern Baptists for the raising of 75 million dollars for all phases of work fostered by this people has now been pushed out until all of the 18 Southern states have followed the suggested organization. Kentucky is not behind in the number, for in the 75 district associations there are now 70 associational organizers, 74 associational publicity men and 60 W. M. U. organizers. It is the purpose to have one of each of these in each association and then in the local church there will be an organizer in addition to the pastor, who is the director, a W. M. U. organizer and three boosters, who will do the publicity work. The organization has also extended until practically all of the 1,850 Baptist churches in Kentucky have these officers in charge and every effort is now being made to bring information and prepare for the great drive which will be made in one week's time, the date of which is November 30th to December 7th.

The state organization is in charge of Rev. O. E. Bryan, Corresponding Secretary of Missions, Louisville, Ky. Prof. John L. Hill, of Georgetown College, State Organizer and Director, Georgetown, Ky., and Rev. J. R. Black, Publicity Director, Louisville, Ky. At the general office in Louisville the most encouraging news is being continually received. The people all over the state are so enthusiastic about the campaign that from every quarter responses are now coming and some churches cannot wait for the drive to be made, but are now pledging and giving more than was asked of them. The last message received was from Poplar Grove church in Graves county, which was asked for \$5,000, and after a sermon by the pastor pledges were made and the amount was more than raised. This has been done in many other places.

The information that is coming to the Baptists is probably one of the greatest benefits that is being derived from the campaign. A pastor in a mountainous association who had been preaching for over thirty years and had always maintained a position against the support of the ministry, and who did not believe in missions, stated at the meeting of the district association which he attended that he had learned more in this meeting of what God intended he should do to send the gospel to the other side, as well as to his neighbor, than in all his life before. A layman who had never given to missions or much for any object of the church, said he wanted to live \$200 a year for the five years of the campaign. A railroad man upon hearing the call gave at once a fifty dollar Victory bond and said this was to be counted as his part when the drive was made. From these to a real gift of \$3,000 by Mr. George E. Hayes of Louisville the Baptist people are being reached and are enthusiastic and have a part in the great undertaking.

The one day in October that will be emphasized above all other days is the fourth Sunday, October 26th, which is the day set aside and known as the day for "Calling Out the Called." Kentucky expects to have at least 300 young people to dedicate their lives or special religious work on this day. Ministers, pastors, Sunday school workers, pastors' assistants, and B. Y. P. U. workers will hear the call for these different lines of service on this day.

One of the most hopeful signs that the Baptists have is the fact that the Southern Baptist Theological Seminary had on October 1st the largest opening of any in the past three years. The W. M. U. Training School at Louisville had 123 young ladies enrolled for special training. Everywhere the campaign has gotten first place in the thinking of the Baptists, and at this time Kentucky Baptists are going forward to do a little of what they have been waiting many years to do.

Ledger Service—Efficiency.

PEPTO-MANGAN
BRINGS BLOOD
OF HEALTH

Helps Restore Worn-Out, Thin-Blooded Men and Women to Health and Happiness—Physicians Recommend It—Sold in Liquid and Tablet Form—Both Possess Same Medicinal Value—Insist on "Gude's."

Most every case of a sallow complexion and a languid feeling is traceable to watery, impoverished blood deficient in oxygen-carrying red blood cells.

Inasmuch as the entire system depends on the blood for its nourishment and strength, it is readily understood why thin-blooded people always feel worn-out and run-down.

And it is equally plain that to restore the vigor for rugged health, the blood should be supplied with the needed qualities to enable it to build up the system.

Gude's Pepto-Mangan accomplishes this very result. In a short time the beneficial results are clearly manifest. The cheeks fill out and regain the bloom of health, the eyes sparkle, the step regains its elasticity, the whole system is filled with greater vitality.

Gude's Pepto-Mangan is a safe, beneficial and pleasant tonic. Agrees with the most delicate stomach, and is obtainable in either liquid or tablet form.

Be sure the name "Gude's" is on the package when you buy Pepto-Mangan. Ask the druggist for "Gude's". If "Gude's" is not on the package it is not Pepto-Mangan.

TODAY'S EVENTS

Greetings to Queen Mother Alexandra, 75 years old today.

Senator and Mrs. Morris Sheppard of Texas today celebrate their 10th wedding anniversary.

The Supreme Council has agreed upon today as the date when the German peace treaty will be formally ratified.

With the preliminary promise of a momentous session, the Sixty-eighth Congress will assemble today, for its first regular session.

The new industrial conference called by President Wilson is to meet in Washington today to carry on the work undertaken by the National Industrial Conference which founded on the rock of collective bargaining.

The Ohio legislature is to reconvene today to try again to enact legislation for the enforcement of State-wide prohibition and to pass new taxation laws which will be acceptable to the people.

Thousands of visitors will be attracted to Chicago this week for the International Live Stock Exposition and the daily sales of pure bred cattle, hogs, sheep, horses and other live stock.

Today will begin a ten-day sale of Red Cross Christmas seals, the proceeds of which will be devoted to an intensive campaign of education to prevent the spread of tuberculosis in the United States.

The governors of California, Arizona and New Mexico have been invited to take part in a five-day celebration opening at San Diego today in honor of the completion and opening of the San Diego and Arizona Railroad.

An order of the Montana Trade Commission effective today will require the retail merchants of that State to place on every article of merchandise a tag showing the invoice and retail selling price in figures plainly legible to consumers. The order is aimed to prevent profiteering.

1844—James Fisk, former United States senator from Vermont, died at Swanton, Vt. Born at Greenwich, Mass., October 4, 1763.

TODAY'S ANNIVERSARIES

1792—James Whitcomb, United States senator and governor of Indiana, born at Stockbridge, Vt. Died in New York October 4, 1852.

1864—The Federals retired from Franklin and occupied Nashville.

1887—President Grevy, of France, resigned his office amid great excitement.

1890—Irish Home Rulers in parliament met to take action in the Parnell case.

1894—Fifth inauguration of Gen. Porfirio Diaz as President of Mexico.

1914—Rebel General Christian De Wet captured by the British in Bechuanaland.

1916—Russians defeated the Austrians in Bukowina.

1918—Troops of seven nations engaged in gigantic battle along a 800-mile front, from the Danube to the Stockhof, from Bucharest to Kovel.

1917—Rulers of Norway, Sweden and Denmark agreed to maintain neutrality.

Statements to the effect that food, parcels, soap and shoes may enter Germany duty free, if sent as gifts through the American Red Cross, are officially denied at National Headquarters.

A municipal hospital has just been opened in Albania, making the fourth to be operated there by the American Red Cross.

The 125 employees of the Lake Division headquarters of the American Red Cross enrolled as members for 1920, 100 per cent. strong, several days before the Third Roll Call opened.

Medical supplies being scarce in the Carvin district in France, the American Red Cross has established small First Aid stations for nearly every village in the district.

One Red Cross Home Service section recently introduced a novel feature into a conference of county workers. Five ex-service men, who were taking training at a nearby University under the Federal Board of Vocational Training, recounted their experience and told of their new studies in rehabilitation.

At the national convention of School Superintendents of the United States, to be held in Cleveland in February, 1920, Hon. William Howard Taft will speak in the interests of Junior Red Cross work in the public schools.

The Adjutant General of Ohio has granted permission to me drafted or enlisted for service in the war to wear their uniforms while canvassing for the Third Red Cross Roll Call.

In the covenant of the League of Nations is embodied a paragraph which says that all countries not now having Red Cross societies shall form them for action of help prevent diseases.

IN THE DAY'S NEWS

Frank W. Haussig, who is to be a member of the new industrial conference called by President Wilson to meet in Washington today, is easily the dean of American economists at present and has won an international reputation. A native of St. Louis, he was sent to Harvard, where he was graduated with his bent for economics thoroughly developed. Supplementary study fitted him for a post of instructor on the topic in the Harvard faculty; in 1886 he became an assistant professor, and from 1891 to 1917 he held the Henry Lee professorship of economics in the university. In 1917 he was appointed by President Wilson to be chairman of the National Tariff Commission. The "Tariff History of the United States," which he published in 1888, at once established his standing, and later books on wages and capital, the principles of economics and his standing, and later books on wages and capital, the principles of economics and inventors and money-makers have but contributed to his reputation at home and abroad.

Membership in the American Red Cross is not a duty—it is a privilege. Join for 1920 during the Third Roll Call, November 2-11.

Investigation has shown that wherever the labor of women approximates that of men, the death-rate of women rises.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. The name of the disease is the inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, the mucus is running continually, imperfect hearing, and when it is entirely closed, deafness is the result. Unless the tube is restored to its normal condition, hearing will be destroyed forever. Many cases of catarrhal deafness have been cured by the use of Hail's Catarrhal Medicine.

Hail's Catarrhal Medicine acts thru the blood, on the delicate surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hail's Catarrhal Medicine. Circulars free. All Druggists 75c.

A Good Rain Coat

IS HARD TO GET

But we make it our business to get good ones. For it's our bread and meat. Sell any man a good article, brings him back again. We try to do this in everything we sell, but especially raincoats. \$7.50 buys a fair Raincoat. \$10.00 buys a good one. \$12.50 buys one guaranteed to be absolute water proof. Then they run up to as high as \$40 to the imported gaberdines.

TYPHOID FEVER DEVELOPING THROUGHOUT CITY RAPIDLY

Citizens Are Again Warned to Boil Drinking Water and Take All Precautions Against Typhoid Fever—Several New Cases Are Reported.

Several new cases of typhoid fever in the city of Maysville have been reported to the local Health Department and again the warning has gone out that every one using city water to drink should boil it very thoroughly before drinking.

It appears that there is, under the present conditions, nothing for either the Water Commission or the Water Company to do to relieve the situation and the best advice, physicians say, that could be given the Maysville public is that, wherever possible, city water should not be used for drinking purposes but that good cistern or well water should be used instead.

Under the present conditions the Water Company cannot treat the water so as to remove the mud and silt and because of the very high river the water is most unusually laden with mud. All who can possible use well or cistern water that has been examined and found fit for use should do so and those who are compelled to use city water should boil it by all means before use.

CONSTABLE RESIGNS
James McNamara, constable in the First Magisterial District, filed his resignation as such officer to take effect at once.

75-Acre FARM FOR SALE

An attorney-in-fact for all the heirs, and as administrator of the estate of Mary A. Tucker, deceased; I will, on THURSDAY, DECEMBER THE FORTY, 1919, beginning at the hour of 10 o'clock a. m. on the premises, sell at public auction to the highest and best bidder, the parcel of land known as "THE DOWER TRACT OF THE CAMPBELL A. TUCKER HOME PLACE", containing 75 acres.

This farm is located less than six miles from Maysville, near the STONE LICK ROAD in the ORANGEBURG PRECINCT, and is a fine body of strong LIMESTONE SOIL, ALL IN BLUE GRASS (except 15 acres) for many years. EVERY ACRE OF THIS LAND IS TILLABLE, AND FOUR (4-5) FIFTHS OF THE ENTIRE FARM WILL MAKE GOOD TOBACCO GROUND FOR 1920.

There is on this farm a substantial two-story, six-room dwelling with a large barn; good cistern and all necessary outbuildings, with an extra good feed and tobacco barn. Abundance of water with never-failing spring. Near to schools and churches and located in a very desirable neighborhood.

AT THE SAME TIME AND PLACE

Farm stock: Four good cows, hifers, yearling calves, shorthorn, bull, number of sows, shoats, sheep and lot of poultry.

Farm implements: Mowers, drills, Randall harrow, plows, hay rake, sled, and about 1000 tobacco sticks, hay in stack; corn in shock.

Full possession given March first, 1920; purchaser may enter at any time after sale for inspection or other purposes.

Attractive terms made known on day of sale.

GEO. L. GRANT, Administrator, &c.

H. C. HAWKINS, Auctioneer.

Orangeburg Christian	52
Sardis M. E.	45
Mayslick Christian	45
Mayslick Baptist	38

Thousands of Red Cross Christmas Seals were sold Monday in the campaign for a fund to keep up the war on tuberculosis in Kentucky, but many thousands more must be sold if the sale is to end December 10 as planned. The sales Monday far exceeded the first day of any previous sale of the little Red Cross Seals and the promoters hope the sale can be concluded December 10 with the quota of \$10,000 for Kentucky sold.

The seals are being sold in the cities by the school children as well as by public-spirited men and women volunteering their services for this duty. In Covington, Newport and Lexington prizes are offered for the school children selling the most seals. In Lexington Major Ernest B. Ellis, capitalist and philanthropist, is serving as chairman of the men workers in that city, has offered prizes of \$100, of which \$50 is to go to the city schools and \$50 to the county schools for the children who do the best work as seal salesmen.

The money raised by the sale of the Red Cross Christmas Seals in Kentucky will be used in the employment of visiting nurses to teach the sufferers from the plague and their families the simple facts of sanitation so as to prevent the spread of the disease from those who now have it to those looking after them, to the sending of nurses wherever they may be needed, to the establishment of dispensaries and traveling clinics and in fact to every means known to science to prevent the development of tuberculosis and to cure its present victims. Seals should be put on every package, gift and letter sent during the holiday season. They cost a cent apiece. Health Bonds sell for \$5 to \$100. They are placed on sale this year for the first time.

Mr. and Mrs. George Shipley and son, Everett, were the week end guests of Mr. Eliza Farris and family of Muncie.

BOHEMIAN NEW YORK

EXPOSED IN FEATURE

"A Girl in Bohemia", the sensational New York stage success, which William Fox has adapted for the screen and presents with Peggy Hyland as the star at the Pastime Theater tomorrow promises to be one of the best offerings that the patrons of silent drama have witnessed. The dainty and charming star is said to be most happy in her impersonation of Winifred Myrce, daughter of a college professor, whose ambition to write a popular novel of so-called Bohemian life takes her from her simple home to the artists' section of the big city. Her adventures amid the Bohemian set of New York are amusing, interesting and full of dramatic situations.

William Fox has surrounded Miss Hyland with a cast of perfect balance, including Josef Swickard, L. C. Shumway, Betty Schade Edw. Cecil, Melbourne McDowell and Winted Hall.

The play from which this production was made was written by H. B. Daniel, and its run in New York was an unbroken succession of crowded houses.

POLICE COURT

In the local Police Court this afternoon Willis Dowden was fined \$5 and costs on a charge of using language calculated to provoke a breach of the peace.

WOULD CONNECT CHICAGO WITH NEW YORK

The Type Used in One Year to Publish Endorsements of Doan's Kidney Pills.

Of the many kidney remedies on the market today, none other is recommended like Doan's Kidney Pills. Fifty thousand benefited people gladly testify in the newspapers of their own towns. Forty-five hundred American newspapers publish this home proof of Doan's merit. The type used in one year to tell this wonderful story would make a solid column of metal twice as high as the world's highest mountain. Placed end to end the lines of type would reach from New York to Chicago. These miles of good words told by 50,000 tongues sound glad tidings to any Maysville sufferer who wants relief from kidney and bladder ills. Here's a Maysville ass. Don't experiment. Use the remedy endorsed by people you know.

Ben. P. Fleming, constable of Marion County, 217 East Lee Street, says:

I have used Doan's Kidney Pills off and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit.

At times, my kidneys have been out of order and I have suffered from a dull, constant ache through the small of my back. The kidney secretions have been irregular in passage, too. A box or so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time.

Price 60¢ at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fleming had. Foster-Milburn Co., Niagara, Buffalo, N. Y.
